

Bow Bag

(Tube Style)

Welcome,

Below are all the measurements for making a Bag for your Long-Bow*.

**If you are use a different type of bow you may wish to change the measurements to suit your bow i.e. bow bag long should be total length of your bow (unstring) plus 20" (this allows for the bow bag to wrap over the top of your bow).*

Note: Widths are listed not allowing for seams or being double sided.

Shoulder Strap
1" wide + (2 seams 5/8") = 2 1/4"

Double Sided Shoulder Strap
2*1" wide + (2 seams 5/8") = 3 1/4"
